

Finishing Rolls

ATI Garryson finishing rolls are manufactured from highly durable waterproof non woven flat stock, that does not smear or smudge the work-piece. Rolls can be cut to size for use on vibratory orbital and straight line grinders, or for use by hand.

Ideal for

- Light deburring, blending, cleaning and finishing

Applications

- Removal of rust
- Deburring radius edges on precision parts
- Surface preparation
- Blending machine marks
- General cleaning and finishing

Finishes

- Matt finishes on aluminium and steel
- Satin finishes on large stainless steel surface

Finishing Rolls

Size	Part Nr	grain	grade	
100mm x 9mtrs	087000	AO	Medium	1
100mm x 9mtrs	087001	AO	Fine	1
100mm x 9mtrs	087002	AO	V.Fine	1
100mm x 9mtrs	087003	SC	V.Fine	1
150mm x 9mtrs	087004	AO	Medium	1
150mm x 9mtrs	087005	AO	Fine	1
150mm x 9mtrs	087006	AO	V.Fine	1
150mm x 9mtrs	087007	SC	V.Fine	1

Dimensions in metric are based on imperial equivalent. i.e roll length is 30' 9 mtrs
